

## The Finnish Kennel Club's Request for DNA Profiling

Use this form to request a DNA profiling of an individual dog. Such identification will enable the parentage evaluation when needed. If the sire and the dam already have DNA profiles, please indicate them and the name of the laboratory that has provided the DNA profiles.

Owner's name: \_\_\_\_\_

Phone: \_\_\_\_\_

Name and address, where the result will be sent: \_\_\_\_\_

E-mail: \_\_\_\_\_

Sample collector's name: \_\_\_\_\_

Phone: \_\_\_\_\_

Address: \_\_\_\_\_

E-mail: \_\_\_\_\_

Sample collection date: \_\_\_\_\_

Breed: \_\_\_\_\_

Date of birth: \_\_\_\_\_

Sex: male  female

|              |  |                 |
|--------------|--|-----------------|
| Dog's name:  | Microchip/tattoo identification number | FKC reg. number |
| Sire's name: | DNA profile number / laboratory notes  | FKC reg. number |
| Dam's name:  | DNA profile number / laboratory notes  | FKC reg. number |

The result of the DNA profiling will be submitted to the owner and a copy forwarded to the Finnish Kennel Club unless expressly forbidden before the sample collection by the owner. The laboratory and the Finnish Kennel Club may publish the DNA profile in a public internet database. They may also store the test result for further DNA profiling or parentage evaluation.

The laboratory reserves the right to store and use the sample collected for this test for further research into improving canine DNA diagnostics; no such test results on individual dog will be published without the owner's consent.

The owner mentioned above certifies that he/she is the owner of the dog and agrees to the conditions listed above.

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

*Name in block letters*

The sample collector certifies that the sample has been taken from the dog mentioned above and the ID number (microchip or tattoo) on the dog has been verified.

Signature: \_\_\_\_\_

Stamp

Date: \_\_\_\_\_

*Name in block letters*
