Travelling Expenses

Railways:	1st class (sleeping car)
Flights:	Tourist Class
Boat:	1st class
Own car:	46 cent/ km

The trips should be done in the least expensive way. This will be considered especially when the judge wishes to use his own car, because the expenses are often higher than when travelling by public transport. For example a judge living in Helsinki and going to Oulu, the organizer will pay for a flight ticket Helsinki-Oulu-Helsinki instead of the expenses driving by own car, if there is no other agreement.

The travelling expenses account should be cleared with details of all expenses, receipts enclosed. If the judge has paid the travelling tickets himself, a receipt from the travel agency should be enclosed.

Breed Clubs and Canine Districts may give more specific implementing provisions.

The Finnish Hound Association and The Finnish Spitz Association have agreed that the judge responsible for the associations trials will not get any daily allowances.

Expenses of a judge who has been invited as reserve-judge but whose judging agreement has not been confirmed, the judge has not been used, will not be paid (FKC Board 16.8.1994)
